case study

A global private equity firm was rebranding and wanted to send its 850 team members an item imprinted with their new logo that communicated adaptability to change. The product would be shipped to 14 different countries and needed to be something that could get through customs easily. They selected the GoGo® by Shed Rain™ 62" Arc RPET Windjammer® Vented Auto Open Golf Umbrella because it met all their criteria and was a one-size-fits-all solution that worked across their diverse employee base. The client was thrilled when the umbrellas arrived at all locations within seven business days of shipping.
